Communication With Those Charged With Governance
Year Ended December 31, 2014

Generally accepted auditing standards (AU-C 260, *The Auditor's Communication with Those Charged with Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit, as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Our Responsibilities and the Planned Scope and Timing of the Financial Statement Audit

Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated January 9, 2015.

Accounting Policies and Practices

Preferability of Accounting Policies and Practices

Under generally accepted principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice.

Adoption of, or Change in, Accounting Policies

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Corporation. The Corporation did not adopt or change any accounting policies during fiscal 2014.

Significant or Unusual Transactions

We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Management's Judgments and Accounting Estimates

There are no sensitive accounting estimates in the Corporation's December 31, 2014 financial statements.

Audit Adjustments

There were no audit adjustments made to the original trial balance presented to us to begin our audit.

Uncorrected Misstatements

Disagreements with Management

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

Consultations with Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Significant Issues Discussed with Management

No significant issues arising from the audit were discussed with or the subject of correspondence with management.

Significant Difficulties Encountered in Performing the Audit

We did not encounter any significant difficulties in dealing with management during the audit.

Communicating Significant Deficiencies and Material Weaknesses in Internal Control over Financial Reporting

Our consideration of internal control over financial reporting was for the limited purpose of expressing an opinion on the financial statements, and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal controls over financial reporting that we consider to be material weaknesses.
